SIEMENS

Data sheet

CONNECT. MOD. TP2 W/O LED SCREW TERM.

Terminal block TP2 8 channels f. 2 A digital output and 2x6 multiplication terminals Type: Screw terminal without LED, VPE=1 unit 16 pole IDC connection for cable

| target system | SIMATIC S7-300 / 1500 |
|---|--|
| suitability for use | 2A Output module |
| product type designation | Fully modular connection |
| product designation | Connection module |
| electrical data | |
| operating voltage | |
| at DC / rated value | 24 V |
| • rated value | 50 V |
| • at DC / maximum | 50 V |
| ampacity / per pin / maximum | 1 A |
| continuous current / at DC / per signal cable / maximum | 2 A |
| product function / infeed function | Yes |
| product component | |
| PE connection | No |
| shield connection | No |
| • disconnector | No |
| product feature / cross-connectable | No |
| connection method | |
| number of terminals | 20; 8 x O; 2 x 6 x M |
| number of channels | 8 |
| type of connecting terminal | Screw-type terminal |
| position / of the terminal | Тор |
| number of terminal levels | 1 |
| design of terminal / terminal levels internally linked | No |
| type of electrical connection / for connecting cable | Plug-in connection |
| number of poles / at the 1st interface | 16; IDC connector with installed strain relief for the connecting cable |
| number of the plug contacts / of the electrical connection | 1 |
| wire length / maximum | 30 m; between front connector module and Connection module |
| type of connectable conductor cross-sections / solid | No |
| connectable conductor cross-section | |
| for flexible conductor / with core end processing | 0.5 2.5 mm²; End sleeve according to DIN 46228/1 |
| stranded | 0.5 2.5 mm ² |
| finely stranded / with core end processing | 0.5 2.5 mm ² |
| number of cables / per connection | 2; Connection for internal system: Combination of 1 or 2 Wires until the sum total of cross sections be achieved in a ferrule. |
| width of screwdriver blade | 3.5 mm |
| tightening torque | 0.4 0.5 N·m |
| standards, specifications, approvals | |
| certificate of suitability | |
| • cULus approval | Yes |

| design tested acc. to type of protection / EEx e | No | No | | | |
|---|--|--|---|--|--|
| overvoltage category | 2 | 2 | | | |
| degree of pollution | 2 | 2 | | | |
| combustibility class according to UL 94 | V1 | V1 | | | |

| marketing text | The TP2 connection module for | The TP2 connection module for the 2 ampere output modules with 8 channels for a 2-wire connection with screw terminals without LED for signalling forms the interface between the connection cables of the peripherals fed in from the field and the SIMATIC S7. This is mounted on the DIN rail and is exactly adapted to the respective task thanks to its functionality with screw terminals. This connection module is part of the fully modular SIMATIC TOP connect connection for the fastest and safest system cabling. In addition to low wiring costs, error sources in cabling can be significantly reduced. Sensors and actuators from the peripherals are combined with the connection modules of SIMATIC TOP connect and connected to the SIMATIC S7-300/1500 via cable and front plug-in module. | | | |
